

A black and white photograph of a person climbing a textured wall. The person is wearing a light-colored t-shirt, shorts, and climbing shoes. They are using their hands and feet to grip the wall. In the background, a tall skyscraper with many windows rises against a cloudy sky. The perspective is from a low angle, looking up at the climber and the building.

SELINCA

The way to address new **geographies**

Selinca (Selección e Inversión de Capital Global AV):
